

Whirlpool Model: WVI75UC6DS

36" Modern Glass Island Mount Range Hood

Color Stainless Steel

Product Description

Get a modern look and quiet, effective ventilation for all of your cooking with this 3-speed, 400 CFM motor class glass island kitchen hood. Noise reduction technology provides sound insulation and a special chimney design to deliver sound levels as low as 49 dBA at low speed. Perimetric Venting technology helps remove smoke and odors by concentrating hood suction to targeted zones on your cooktop. You'll be able to easily see what you're cooking with efficient LED task lighting, and the range hood's glass edge LED lighting senses when your kitchen lights dim and automatically turns on to act as a night-light.

Specifications
